

Echo Oval Dining Table

Tom was inspired by his travels in the Arctic to design this sleek, contemporary oval dining table. The strikingly stark wonder of the glacial landscape gave way to Echo's sheer, carefully folded metal base. The neat oval format of the glass table top allows for an easy flow of movement as well as continuous seating in the round. You can choose from any of our standard finishes to tailor make the piece to suit your taste. We're also happy to custom build Echo to your size specifications so it sits just as you'd like it to. We'd suggest pairing the table with a group of streamlined dining chairs like Jak to complete the contemporary effect.
