

Phoenix Mirror

Our Phoenix design has its roots in the Cubist and Abstract art movements. The fittingly asymmetrical format brings an added element of dynamism that makes this a true statement mirror. The Phoenix has a touch of optical illusion to it, infusing the piece with a slightly off-kilter yet perfectly polished character. You have a choice of black or gold finishing, as well as the option of antiqued glass for an added touch of originality. To see all the options, have a look at our Finishes & Materials page. To create a cohesive effect, pair this mirror with other pieces from the Phoenix collection, like the round dining table or hanging pendant lights.

Materials:

Base: Steel, Mirror: Glass

Finishes: Black and Gold

Lead Time:

10 Weeks

Product Dimensions

Width: 77cm/30.3in

Length: 110cm/43.3in
