

### *Set of 4 Lily Placemats*

These placemats pack all the punch of our much-loved Lily furniture into a neat, design-forward accessory. They echo the amorphous, nature-inspired silhouette exactly, so look great alongside other Lily designs like the cocktail table or stool. To create a harmonious dining set, we'd recommend pairing them with the matching drinks coasters. We can make the Lily placemats in the leather of your choice, with all options available to peruse here. We use top-quality oak bark tanned bridle leather, which is reinforced for a stiffened effect. The result is an accessory which introduces a playful, creative inflection, cast in rich materials for a polished effect.
