

Siena Round Coffee Table (Avenues Collection)

Siena is a simple yet strong design with solid clean lines. It's a prime example of the perfect heirloom furniture piece. Like Madison and Apollo, it can easily be tailor-made to the measurements of your choice and completed in any of our standard or specialist finishes. The final touch is a crisp and clean glass or marble top. Siena is a great entry point into the Tom Faulkner design process. It's a pared-back piece of furniture that can have subtle design elements amended for a truly bespoke coffee table.
